A passionate and dedicated MERN Stack Developer with a solid programming background and a modern approach to problem-solving through AI-assisted development. I bring resilience, a growth mindset, and a strong work ethic - committed to turning ideas into reality and driving team success.

PROJECTS

MENTAL WELLNESS TRACKER WEB APP
React.js | Node.js | Express.js | MongoDB | Tailwind CSS

- The project allows users to log their daily moods and journal entries, then uses sentiment analysis to generate meaningful insights like mood trends across days, weeks, and months.
- With JWT, each user gets a private and secure space where their mood data and journal entries are stored, ensuring a safe and customized wellness journey.
- Github Repository : https://github.com/vivekxparmar/Mental-Wellness-Tracker-App
- Deployed on Vercel and Render : mental-wellness-tracker-app.vercel.app

ALUMNI ASSOCIATION WEB APP
React.js | Node.js | Express.js | MongoDB | Tailwind CSS

- Developed a full-stack web app group project that enables alumni and students to register, create profiles, and engage through events and updates.
- Implemented admin functionalities to manage alumni data, approve events, and oversee platform interactions for seamless community engagement.

MEN'S ETHNIC WEAR WEBSITE
HTML | CSS | Javascript | PHP

- A stylish men's ethnic wear website built with HTML, CSS, JavaScript, and PHP.
- Showcasing a wide range of traditional and modern outfits including Kurta, Sherwani, Jodhpuri, Suits, and more.
- Github Repository : https://github.com/vivekxparmar/Mens-Ethnic-Wear-Website
